EDUCATION

Multimedia University (MMU)

Bachelor of Computer Science (Hons.) Cybersecurity

Oct. 2023 – Present

Cyberjaya, Malaysia

TECHNICAL SKILLS

Programming: Python, C++, Java

Tools & Tech: Streamlit, SQLite, Git, GitHub, Linux, Windows, OpenGL

Cybersecurity: SIEM, Digital Forensics, Network Security, Cryptography, Incident Response

Networking: OSPF, VLAN, ACL, RADIUS, IPsec VPN, Syslog

Tools: Wireshark, Autopsy, FTK Imager, Cisco Packet Tracer, VS Code

Concepts: OOP, OOAD, Data Structures, Algorithms, Polymorphism

Languages: Malay, English, Mandarin

PROJECTS

Windows Security SIEM Dashboard | *Final Year Project*

2025

- Built Windows Event Log monitoring system using Python, Streamlit, and SQLite
- Analyzed Event IDs for login tracking, audit monitoring, and security insights
- Implemented real-time visualization, filtering, and reporting dashboard
- Designed database-backed system for forensic log storage

Secure Network Design & Implementation

2025

- Designed multi-campus secure network using Cisco Packet Tracer
- Implemented VLANs, ACLs, RADIUS, IPsec VPN, and OSPF routing
- Enabled centralized Syslog monitoring for secure communication
- Applied defense-in-depth with Network Access Control (NAC)

Robot Battle Simulation Engine

2024

- Developed C++ simulation engine using OOP and OOAD principles
- Implemented polymorphism, multiple inheritance, and dynamic behaviors
- Built movement logic and battle resolution system
- Added file-based logging for simulation tracking

Digital Forensics Investigation

2025

- Performed forensic analysis using Autopsy to reconstruct attack timeline
- Analyzed artifacts including UserAssist, ShellBags, and LNK files
- Identified data staging, exfiltration, and concealment activities
- Followed ISO/IEC 27037 and NIST evidence handling standards

CERTIFICATIONS

ISC2 Certified in Cybersecurity (CC)

CompTIA Security+

LEADERSHIP & EXPERIENCE

Head of Department (Sponsorship Lead)

Jan. 2024 – Mar. 2025

ZOOM Sarawak 2025

Malaysia

- Secured RM30,000 in sponsorships through outreach and stakeholder engagement
- Managed sponsor relations and partnership coordination

Protocol Executive

Dec. 2023 – Mar. 2025

PENTAS MMU

Malaysia

- Coordinated logistics for events with 1,000+ participants
- Supported operational planning for smooth event execution
